

## **YOU NEED A PAY RISE**

- ➡ The average nurse's pay has fallen by over 20% since 2010 which has contributed to over 45,000 vacancies - a pay rise keeps your patients safe by encouraging staff to return
- ➡ This Government have spent £37 billion on track and trace - it doesn't even work - a 15% pay rise would cost 1/7 of that & create jobs within our local economy

---

## **WHAT YOU CAN DO**

It takes 50% of all NHS members in a union to vote and 40% of all NHS members in a union to vote yes to pass a ballot for industrial action, including "work to rule". So you need to:

- ➡ VOTE in your union ballot, update your details & get the rest of your team to do the same
- ➡ Start contacting other wards/teams & create a Whatsapp group to link yourselves up
- ➡ Join Nurses United - we build power together & offer loads of resources & support to get active
- ➡ Attend any activist training your union is offering & become a rep
